Professional Summary

I am an IT undergraduate specializing in Cybersecurity with hands on experience in system programming, Linux and software development. I have a strong interest in cybersecurity, application security and networking and I am currently looking for an internship where I can apply my skills, gain real world experience and continue learning in the field of cybersecurity and IT.

Technical Skills

Programming: C, Java, Python (Basic)
Web Technologies: HTML, CSS, JSP, Bootstrap
Concepts: OOP, Data Structures, Systems Programming, Networking Basics, Cybersecurity Fundamentals.
Tools: GitHub, VMware, Arduino, Linux

Soft Skills

Problem Solving
Teamwork
Communication
Analytical Thinking
Time Management
Adaptability

Projects

Smart Home Automation System (IoT) – Developed a smart home system to control lighting, door locks, and alarms using sensors and Blynk app.

Hotel Room Reservation System (Java, OOP ,Server Based) – Developed a full-stack reservation system with BST and Quick Sort algorithms.

Bike Ride and Rental Service System (Java ,OOP ,Server Based) – Developed a rental management system with booking, authentication, and admin dashboard.

Linux System Programming Practicals – Worked with process creation (fork), threads (pthread), and system-level programming in Ubuntu.

Certifications

Advanced AI Governance – LinkedIn Learning (2026)
Programming in C – University of Michigan (2026)
Data Structures in C – University of Michigan (2026)
Introduction to Cybersecurity – Cisco (2026)
IEEE Mini Pitch Challenge – Certificate of Appreciation (2025)
LeadSpring 2025 – Discover Track (2025)
British Council English Certificates (2025)

Education

BSc (Hons) in Information Technology Specialized in Cyber Security (Undergraduate)
Sri Lanka Institute of Information Technology (SLIIT)

GCE Advanced Level -Physical Science
Bandaranayake College Gampaha

British Council English Program
British Council Bambalapitiya
